The Catholic (Christian) Youth Organization is the largest club at Saint Peter's. The CYO engages in many social and entertaining activities, but the main emphasis is on the club's service program which serves Saint Peter's Parish and the Mansfield community.

The club is broken down into nine subgroups, each headed by an officer. Each group participates in assisting the parish by cleaning the church grounds or by helping the elderly and the needy. Not only is their work deeply appreciated, but they spread love and good cheer to those who need it the most.

# GORMAN RUPP SUBMERSIBLE PUMPS

Our number one product is pumps. Our number one asset is people. People who bring care and interest and pride to the jobs they do just naturally turn out a better product. Take our product, for example... pumps. Pumps for contractors, industrial use, petroleum transfer, agricultural application, hospitals, pollution control, the appliance industry, fire fighting and utility use. Good pumps. The best. What makes them as good as they are? Is it the materials they're made of, or the way in which they are marketed? Partly, sure. But other pump makers use the same materials we use, and their distribution methods are similar to ours. The measure of an outstanding product isn't just in materials and methods. It's people; conscientious people. They're the true "quality" catalyst that acts upon concepts, programs and materials to produce a superior product. People. And we've got 'em. People who design our pumps. People who skillfully machine the parts. People who craft them into a smoothly functioning unit. People who test, inspect, pack and ship. People who service and sell. Because they put something of themselves into the pumps they make...people make the big difference in Gorman-Rupp products. Gorman-Rupp people.

The 1980-1981 edition of the Petrarchan has been published in the hope that it will present the student body of Saint Peter's High School with an accurate and permanent account of this year's activities brought together all under one theme "The Road Ahead."

Although many phases of our school life are too intangible to be captured in silhouettes of black and white, perhaps in some small way we can convey to you the events which will want to be remembered.

It is with this thought in mind that we, the Yearbook Staff, proudly compiled the 1981 Petrarchan.

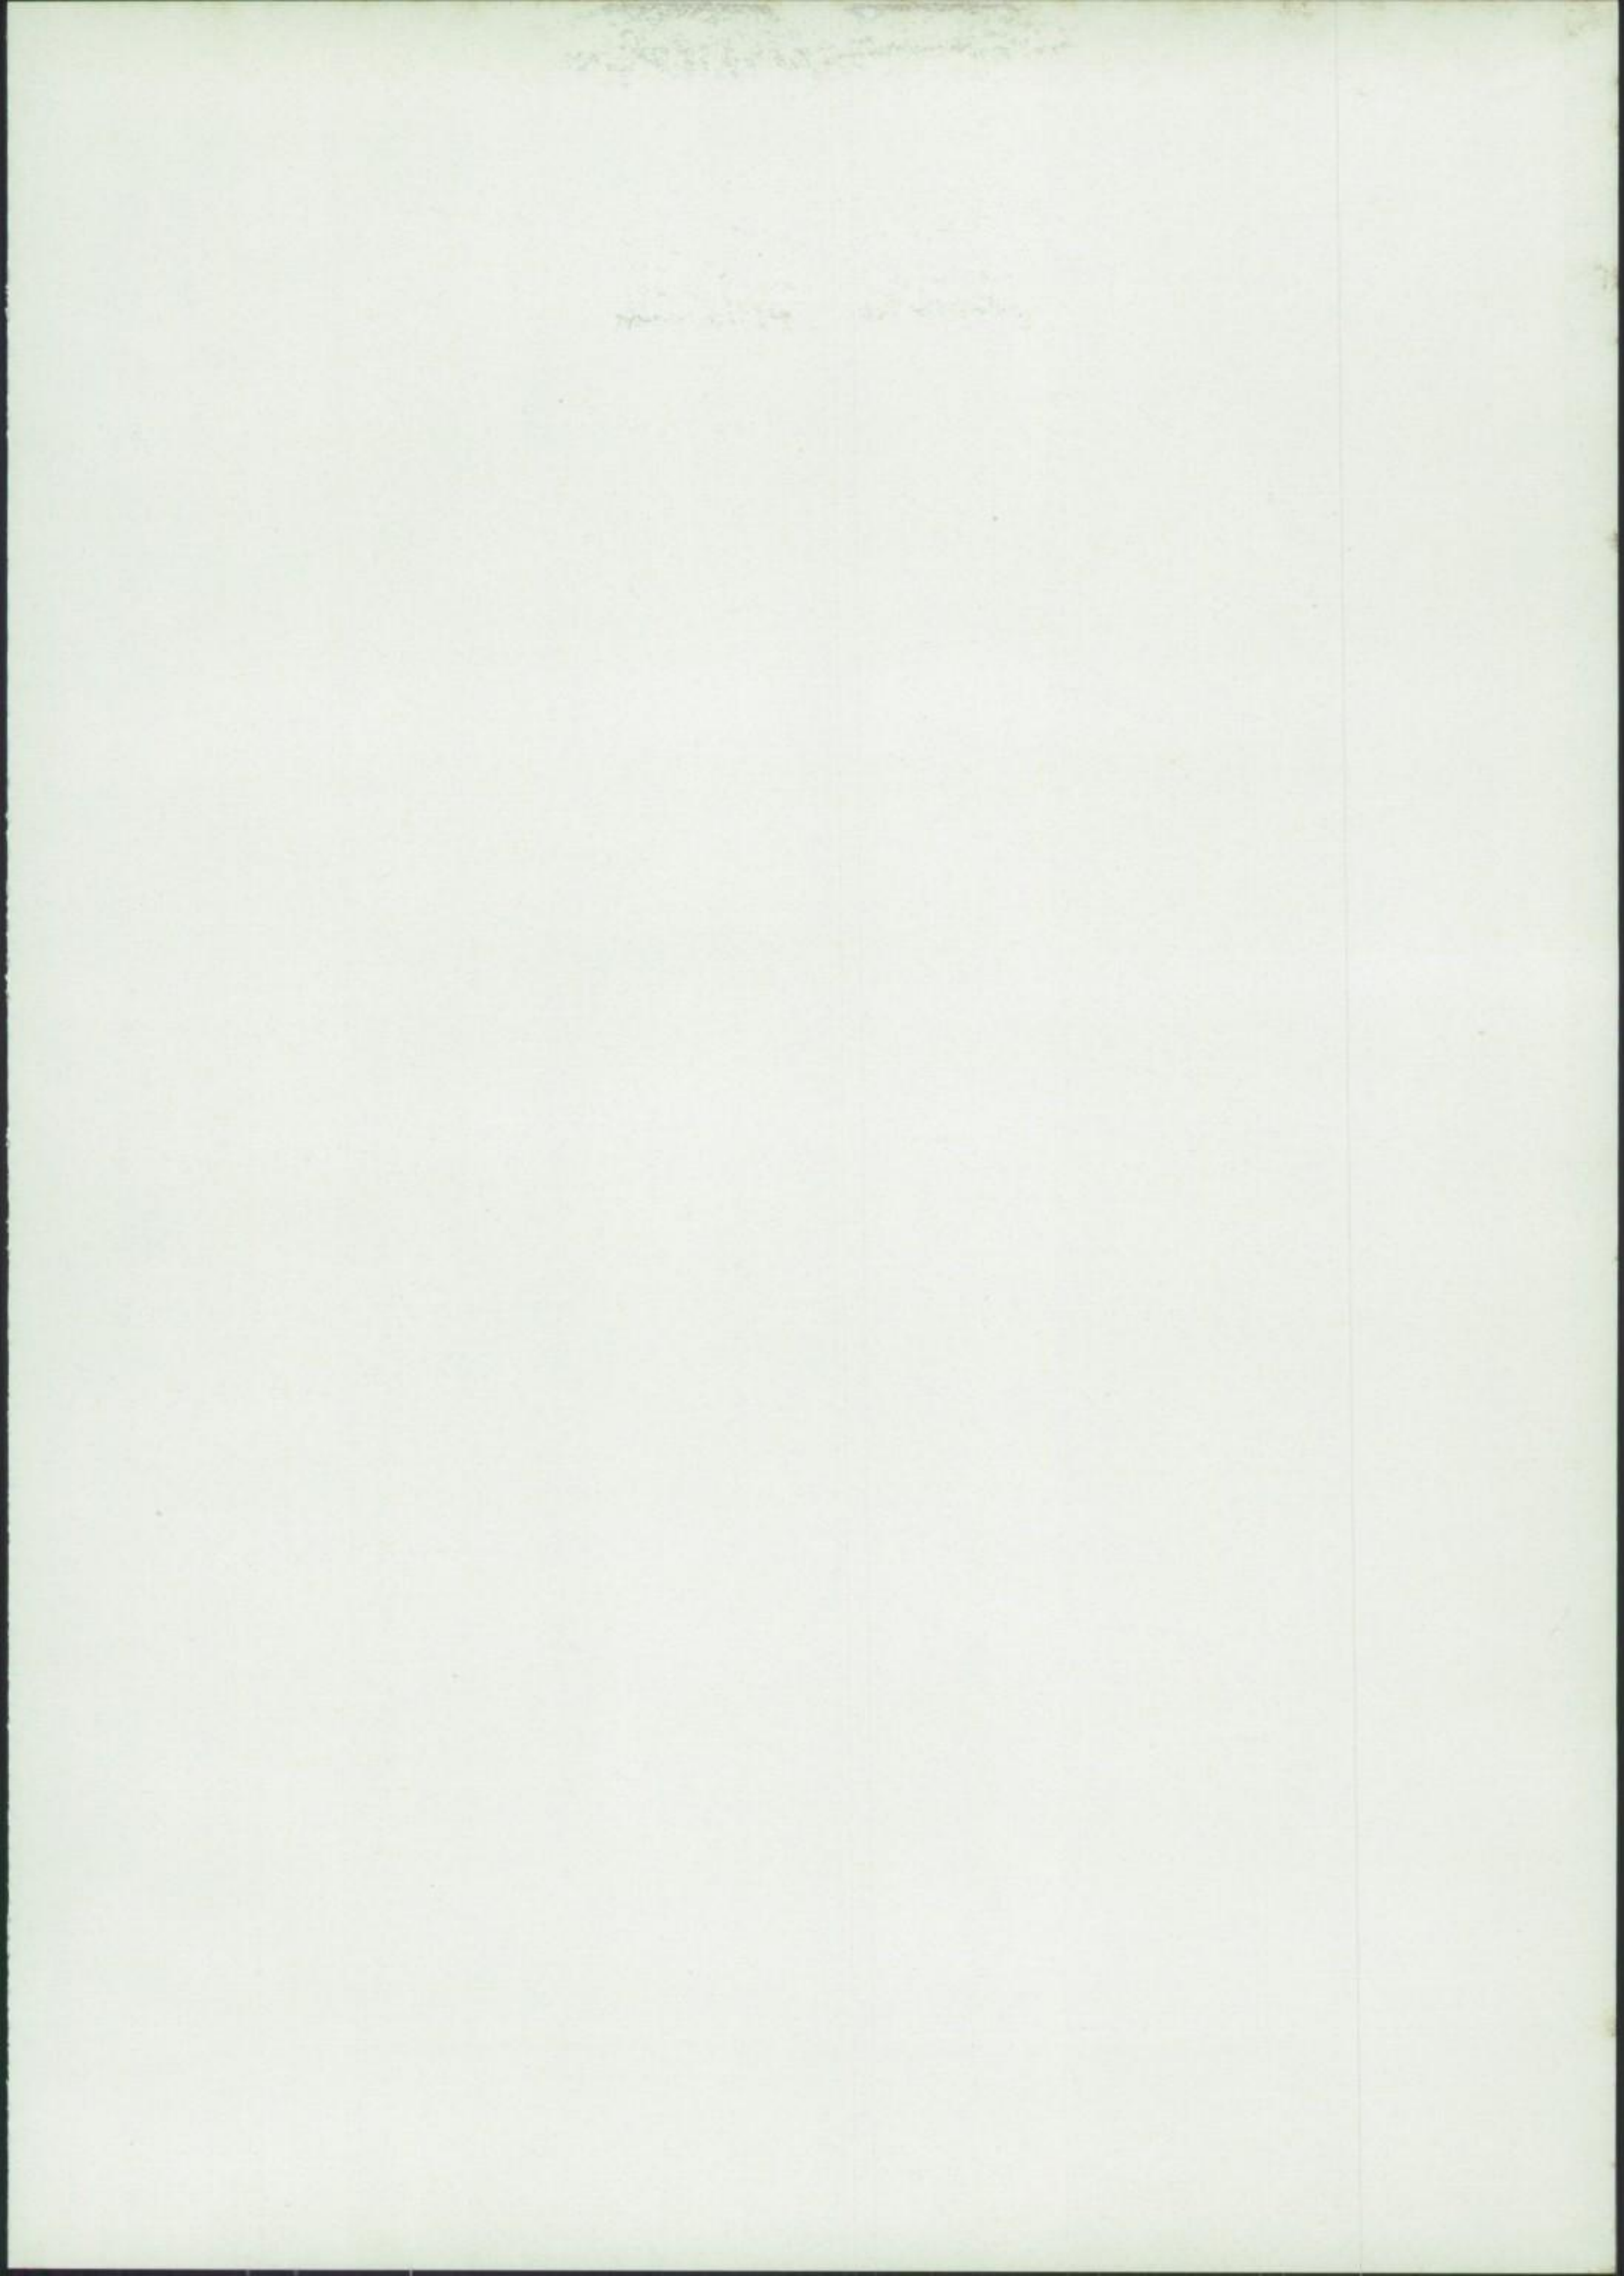

We extend our thanks to all of the individuals and organizations whose patronage has made this book possible. We would especially like to thank YOU--S.P.H. for the story lying between the covers of this book.

Sincerely,

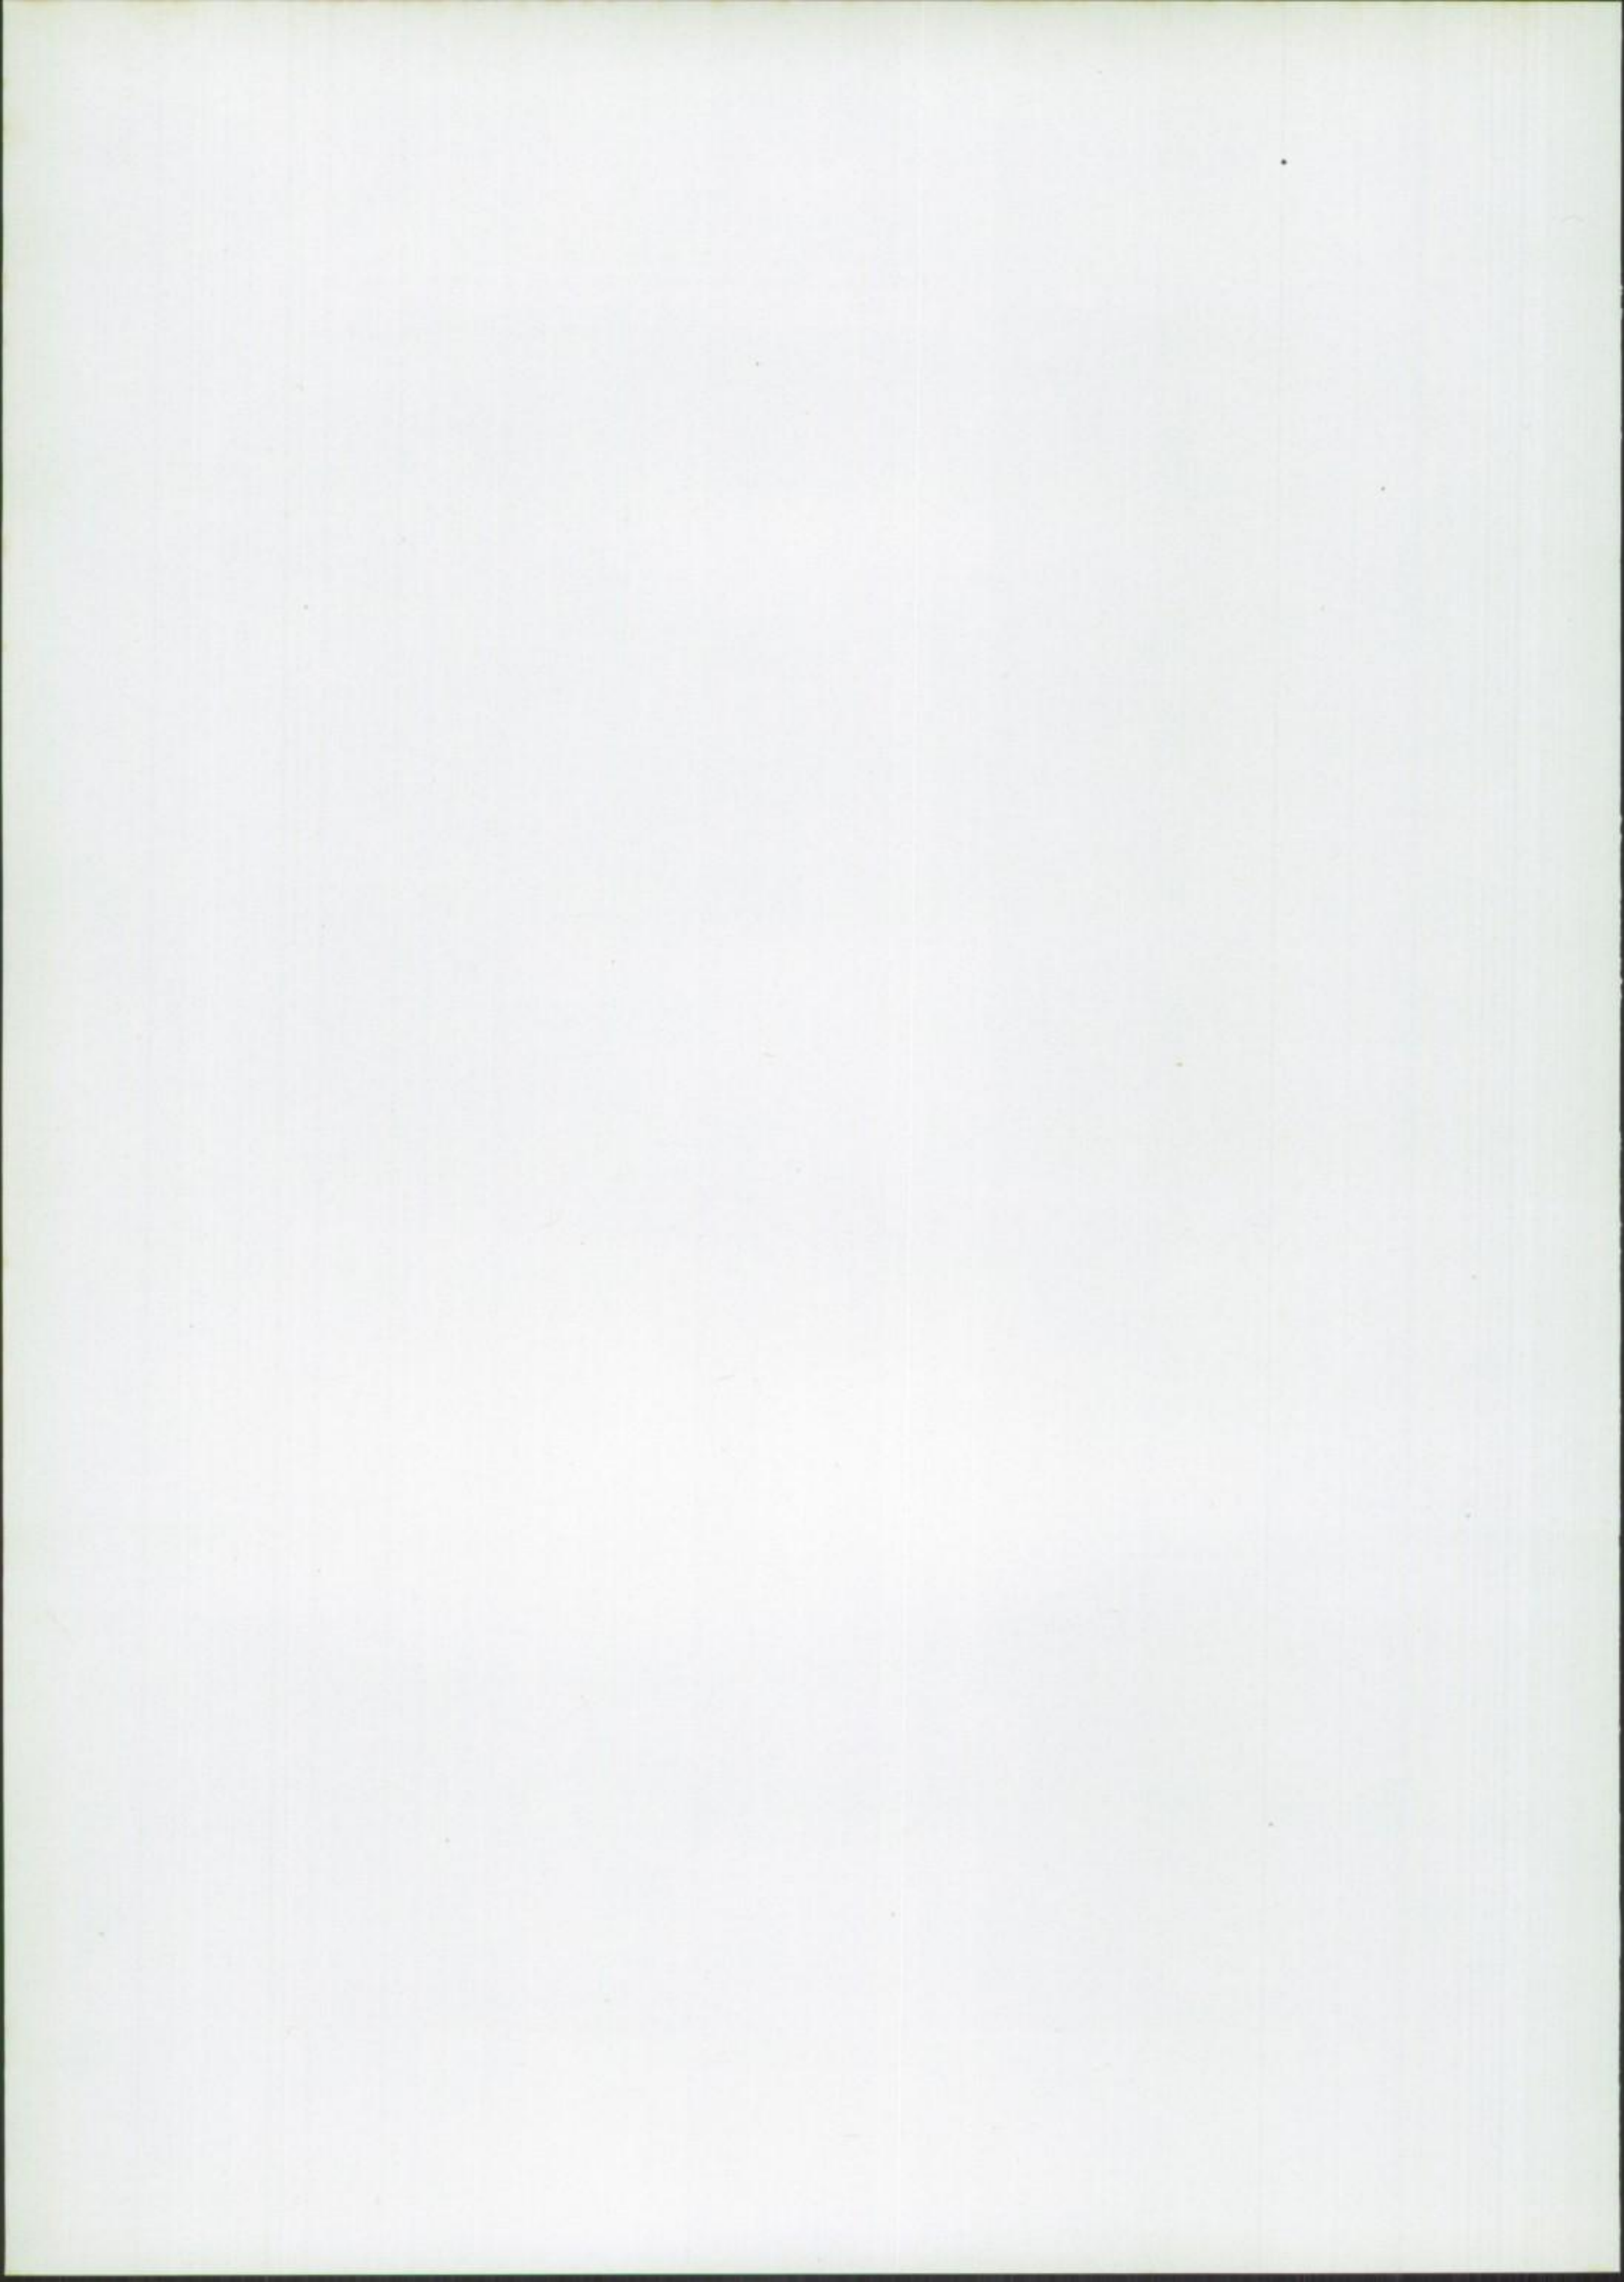

*Sophia Weidner*
